

The Spring Limb/Branch Removal Program will begin May 8th - May 16th (Sector 1 and Sector 2)

Beginning May 1st, both Sector 1 and 2, may begin placing all acceptable limb/branches curbside. Please secure your limbs due to windy conditions.

After May 19th, ALL limb/branches not picked up, must be removed from the right of way.

This is for homeowners **only**, not for contractors or landscapers, and is designed so you do not have to take your yard debris to the landfill and pay for it. Please be sure to follow the guidelines. We look forward to another successful year..
